Legend of the "type" column: If it is stated **BIO** it means that the product is "organic"; **ING** means the product contains organic ingredients; **CONV** means the product is in "conversion to organic farming"; **UB** means the product made with "organic grapes"; **UC** means product is made with "grapes in conversion to organic farming"; **MB** means "organic" feed; **MI** means feed is "can be used in organic farming".

The operator is authorized to issue conformity declarations with the Organic Production Standard of CCPB equivalent to EC Reg. n. 834/2007 only for the products listed. If in the list is present also the product code, those declarations can be issued directly on the commercial packaging. The operator is directly responsible for the correct use of this certificate and may issue Conformity Declaration only if it meets the requirements of the Organic Production Standard of CCPB equivalent to EC Reg. n. 834/2007 and legislation in force applicable to certified products.

The operator must avoid providing publicity indications or other advertising information that may create confusion with non-certified products.

In particular, this document does not certify compliance with other requirements that do not belong to the scope of certification; the responsibility of CCPB is limited to the reference of the Organic Production Standard of CCPB, for which this certificate is issued and does not extend to other standards related to other characteristics may be cited concerning the listed products.
